COLOR EXTRACTED FROM NATURE DREW US IN

An exploration of natural dyes derived from black tea, woad and iris root. The results were enlightening, the nuances random. But then, that's the beauty of discovery.

DESIGN IS PROCESS

Dye Lab tile explores the color shift created by naturally dyeing fabric, an organic progression from lightly pigmented to intensely saturated. Surprisingly sophisticated, undeniably gorgeous.

No two tiles are ever precisely the same, each installation a true work of nature.

product specifications	
	Tile
Face weight:	dye lab: 36 oz
Fiber:	Eco Solution Q®
Backing:	EcoWorx®
